Overall conference organisation	1,27
Lunch in Academic club	1,34
Reception held in Klementinum	1,65

Only selected textual responses from English speaking participants are listed below.

What did you like (dislike) most about the conference?

- I dislike the opening and closing conference only in Czech.
- More freedom in speech and discussion,
- I believe that there should have been more high-level fonctionnaries from the EU attending the conference. Also there should have been translation of speeches of local dignitaries.
